## **DETAILED ACTION**

### ***Information Disclosure Statement***

1. The information disclosure statements (IDS) submitted on 9/2/2005, 4/22/2005 and 4/2/2005 have been considered by the examiner.

### ***Allowable Subject Matter***

2. Claims 1-18 are allowed.

The following is an examiner's statement of reasons for allowance:

The closest prior art is Smith and Nee. Smith teaches an information recording/storage medium comprising a substrate, a thin light absorbing recording layer and a reflective layer. However, Smith does not teach or suggest to employ the haze-prevention layer with recited properties contacts the substrate and the reflective metal layer. Similarly, Nee teaches a substrate comprising two reflective layers, one of the reflective layers may be considered as the haze-prevention layer. However, like Smith, Nee does not teach or suggest to employ the haze-prevention layer with recited properties contacts the substrate and the reflective metal layer. No prior art, alone or combinable with Smith or Nee was found to teach the claimed invention recited in claims 1-18.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
